Profile

Entry-level Data Analyst with hands-on experience in SQL, Python, Excel, and Power BI. Skilled in analyzing customer, sales, occupancy, and operational data to build dashboards and deliver actionable business insights.

Technical Skills

- **Data Analysis:** Data cleaning, preprocessing, EDA, KPI definition
- **SQL:** Joins, subqueries, aggregations, window functions
- **Python:** pandas, numpy, matplotlib
- **Dashboards:** Power BI, Excel
- **Databases & Tools:** PostgreSQL, MySQL, MongoDB, Snowflake, Git/GitHub

Projects

Purchase Pattern Analysis (Python, SQL, Power BI)

- Analyzed customer transaction data to identify purchase patterns, sales trends, and high-value customers
- Used SQL and Python for data extraction, cleaning, and analysis
- Built interactive Power BI dashboards to visualize KPIs and actionable business insights

Customer Data Analysis — Shopping Malls (Power BI)

- Analyzed transaction-level customer data from 10 shopping malls across the years 2021–2023
- Performed data cleaning and transformation using Power Query and created KPIs using DAX
- Built interactive dashboards to compare location-wise performance and understand customer behavior patterns

Movie Database Analysis (SQL)

- Performed in-depth SQL analysis on structured movie datasets to extract business insights
- Wrote optimized SQL queries using joins, aggregations, subqueries, and window functions
- Analyzed movie popularity, revenue contribution, director productivity, and performance trends

Internship Experience

Data Analyst Intern — Rubixe

2025 – Present

- Worked on real-world business datasets involving sales, customer, and operational data
- Performed data cleaning, validation, and exploratory data analysis using SQL and Python
- Created Power BI dashboards to track KPIs and translate business requirements into actionable insights

Data Analyst Intern — Canaan Ed & Tech

Dec 2025

- Completed hands-on analytics tasks including data cleaning, analysis, and reporting
- Strengthened analytical thinking through project-based learning and mentorship sessions

Certification & Placement Training

Data Analytics Certification & Placement Training — DataMites, Bengaluru

2025–2026

- Completed an industry-aligned Data Analytics program with practical exposure
- Analyzed real-world datasets using Excel, SQL, Python, and Power BI
- Built interactive dashboards to track KPIs and business performance
- Participated in placement training, mock interviews, and resume preparation

Strengths

- Analytical Thinking
- Business Understanding
- Data Interpretation
- Adaptability

Education

B.E. Electrical & Electronics Engineering (CGPA: 8.6)

2021 – 2025

BLDEA Engineering College, Bijapur

PUC — BIPS PU College, Bagalkot

2021 — 90%

SSLC — GVVS School, Nidagundi

2019 — 90%
